MORGAN RUSHWORTH ASBH 2050.150 HYDRAULIC BENDING ROLLS

The Morgan Rushworth ASBH Hydraulic Bending Rolls are a powerful, heavily constructed model with a high standard specification including induction hardened rolls and cone bending attachment. The asymmetrical design with hydraulic back roll adjustment allows easy pre-bending of the material on the machine. The ASBH models are available in capacities ranging from 650mm to 3100mm bending length and 80mm to 250mm roll diameters.
