

PRE OWNED - AJAN 2004/260 HIGH DEFINITION PLASMA CUTTING MACHINE 415V

FEATURES

- High definition plasma cutting
- Ajan CNC control unit
- CAD/CAM drawing and nesting software
- 'Optohole' technology for bolt hole optimisation
- Fume extraction system beneath the table with exhaust connection at rear of machine
- Year of Manufacture - 2016

SPECIFICATION

MODEL		2004/260
Plasma Output	Amps	30-260
Production Pierce Capacity		
Mild Steel	mm	40
Stainless Steel	mm	25
Aluminium	mm	25
Maximum Cutting Capacity		
Mild Steel	mm	65
Stainless Steel	mm	50
Aluminium	mm	50
X Axis Stroke	mm	2000
Y Axis Stroke	mm	4000
Length	mm	7250
Width	mm	3865
Height	mm	TBA
Weight	kg	TBA
