STERLING SRA270 DGSA DOUBLE MITRE SEMI-AUTOMATIC BAND SAW

The Sterling SRA270 DGSA band saw is a double mitring model, with generous beam and tube capacities. This model features hydraulic clamping and hydraulic bow down feed with automatic bow height return. Mitre angle is set using a digital angle display and the saw also features variable cutting speed to work with a range of material. A 27mm blade width is standard which allows the cutting of heavier sections without the loss of accuracy.
