

PROMOTECH BM21 BEVELLING MACHINE

The portable BM21 is primarily designed for high capacity straight bevelling with guide rollers to ensure a consistent bevel form.

Antivibration technology including four dampers to reduce operator fatigue and protect the electrical components. The BM21S has a low speed motor especially designed for bevelling stainless steel.

FEATURES

- Fast milling of straight material and pipe from 150mm to 300mm diameter
- Milling head with ten cutters, each with four cutting edges
- Variable angle bevelling from 0 - 60 degrees

OPTIONS

- Pipe attachment 260mm - 600mm

TECHNICAL INFORMATION

Model		BM21
Stock Code		17352
Max Bevel width at 45°	mm	21
Bevel angle	degrees	0-60
Plate thickness	mm	5+
Spindle speed	rpm	2820
Feed Speed	mm/min	-
Motor	kW	1.1
Weight	kg	20
