

CBC UNI42 TUBE BENDING MACHINE 110V

The CBC tube bending machines range from 'easy to use' simple machines to precision programmable production machines. A comprehensive tooling range ensures high bend quality on all models. All formers can be specified with either counterformers or guide rollers depending on material and wall thickness. Optional equipment includes moving arm with positioning stops and plane of bend indicator. The new model CBC UNI 30 model has been especially designed for fast bending of smaller tubes. The new large capacity CBC UNI 89 can effortlessly bend 88.9mm x 8mm wall mild steel tube.
